

Return Procedure of the Cardboard Bobbins

1st step

Put a used cardboard box on a wooden pallet

2nd step

Put cardboard bobbins vertically and fill the whole space of the first layer (approx. 11x12 pcs. should fit)

3rd step

Put a used cardboard separator on the first layer (separator can be with or without openings)

4th step

Fill the second and the third layer with bobbins the same way and use the separators

5th step

Put a cardboard cover on the cardboard box

6th step

Fasten it with a tape as shown in the picture.
